**NO WIRE NO CABLE TRUE STEREO SOUND**  
*Engineered to Bring Out the Best*

# BTwins *by Jabees*

## TRUE WIRELESS STEREO

Say goodbye to the annoying earbud cables, and set our ears free. BTwins is one of the first earbud products to completely **cut the cord**. Providing the option for the users to use one earbud as a mono headset or two earbuds for stereo sound.

BTwins

NO WIRE NO CABLE TRUE STEREO SOUND

# BTwins *by Jabees*

BTwins are Jabees **smallest** ever Bluetooth wireless earbuds currently available, measured only **Ø14.4mm**

BTwins *by Jabees*

## **SUPERIOR RF PERFORMANCE**

BTwins' unique & sophisticated antenna design **enhances the RF performance**. No more worry on the cut out which happens with most of the existing true wireless earbuds in the market.

OPTIMAL LOCATION TO BOOST  
THE SIGNAL

Up to 33ft

3 PAIR  
Eartips Bullet-shape (S / M / L)

3 PAIR  
Eartips Bowl-shape (S / M / L)

\* Micro-USB Charging Cable

## FEATURES YOU SHOULD HEAR

- Aluminum construction in elegant metallic colors
- Use of the  $\Phi 7\text{mm}$  drivers which are optimally tuned to specific frequency ranges for rich and full sound.
- Ultra-low latency between both Bluetooth earbuds, so you hear exactly the same thing in both ears with no difference whatsoever.
- Unparalleled noise blocking design allows you to immerse in the world of music with no distraction of noise around you.
- Unlike the other existing true wireless earbuds in the market, you can use either earbud of BTwins individually for handsfree. That means even one of your earbuds is out of power, you can still use the another for phone call and music.
- Ease-to-use. There are only 2 steps to connect BTwins to your phone when the first time use: Turn on both earbuds, search BTwins in your phone, and done!
